AYSS,

Gliss has spent the last six weeks in South African waters. Arlo and his team at Del Shipping have been fantastic on all accounts, finding contractors , Immigrations and Customs requirments which are not easy in South Africa and most of all very good with organising and helping the Owner with advice , logistics and planning for their trip.

I had Del shipping recommened to me and I would not hesitate to recommend to other yachts passing through.

Kind Regards

Nathan Tuke
