RE: Thanks for your shore side support

15 May 2017

Dear Theo and the Delships team

I would just like to express my thanks to you and your team of professionals for the superb help you offered over the past three weeks while we have been in Cape Town.

I have used agencies worldwide and your service has exceeded my expectations in every way. From technical issues, importation of goods, sourcing, security, bunkering, arrival/departure formalities to a host of other equally important services, Delships ensured that Triple 8 and her crew were always taken care of in the best possible manner.

From before our arrival it became clear that we were in great hands, paperwork and formalities were taken care of in advance ensuring a smooth arrival and departure. Our options of using ports of refuge on route were immediately addressed by your nationwide representatives. The bunker operation was faultless due to your invaluable input.

I look forward to using your services again in the future and will be recommending you highly to any boat planning to visit South Africa.

Thank you all very much for the great South African experience.

Kind regards

Captain Nick Maccrossan
