Dear Dave,

**Ref: Del Shipping**

I am writing on behalf of the owner and crew of the 46m sailing yacht Pink Gin to express our gratitude for all the help and advice provided by yourself and the Del Shipping team during our time in South Africa across the football World Cup.

The owner and guests had a wonderful time and this was in no small part due to the organisation and hard work of your team. As is often the case, flexibility is key when it comes to dealing with high calibre guests and despite some difficult and ever changing schedules, we always had vehicles and the necessary personnel on hand to ensure everything went smoothly and more importantly was undertaken safely.

We look forward to working with you again on our return in the future and would highly recommend your services to other visiting Superyachts. Good luck in the future.

Yours sincerely

Henry Hawkins
